Catalogue Supplement and Price List

VAN NESS WATER GARDENS

UPLAND, CALIFORNIA

DEAR FRIENDS:

In presenting this Supplement and Price List we suggest that you use it in connection with our profusely illustrated catalogue. Should you not have a copy, please drop us a card and we will mail you one at once.

The prices quoted in this supplement (effective Jan. 1, 1937) cancel all previous prices quoted in any of our catalogues.

During the past year we have added many new lilies to our stock, and should you wish to purchase any lily not listed we are almost sure to have it, and will be pleased to supply our customers in any way possible.

We have also added a large greenhouse, in which to propagate Tropical Lilies, and can assure you of strong, healthy plants, in all the varieties listed.

We have shipped lilies to almost every State in the Union, also to several foreign countries, and wish to thank these customers for the many letters we have received, thanking us for the fine quality of plants shipped and for the splendid condition they were in upon their arrival.

We shall always endeavor to ship only the best of plants and our first desire is to have every customer a satisfied one.

Thanking you for your share in making the past year a successful one, and hoping we may be able to serve you again this coming year, we are,

Very sincerely,

VAN NESS WATER GARDENS

WHEN WE SHIP LILIES: We ship lilies at any time suited to your locality and fill all orders on same day they are received if advisable to do so, but we do not ship Tropical Lilies in the latitude of New York, Ohio and Illinois until after June 1st, as earlier planting is not safe; south of this latitude they may be shipped after May 15.

We can ship Cactus and Succulents at any time.

Canadian orders should be accompanied by Import Permit, which is issued gratis in Ottawa. Remittance should be by Post Office Money Order.

OUR TERMS: Post Office Money Order, Bank Draft or Check must accompany all orders. Make orders payable to VAN NESS WATER GARDENS, UPLAND, CALIFORNIA. No orders sent C. O. D. unless 50% of value of order is enclosed.

California customers should add 3% for Sales Tax.

New Hardy Lilies Not Listed in Catalogue

PINK

- Odalesque** (Odorata). An intensely fragrant, deep cerise-pink, which opens earlier in the morning than almost any other lily. \$1.50
- Lustrous**. A large cup-shaped lily, rose-pink in color with a host of yellow stamens. Sepals deep pink inside and brown outside. There is a silvery sheen to the petals, making a color hard to describe. The plant is a strong grower, with short leaf stems, making a very desirable plant for a small pool. \$2.50
- James Hudson**. An exceptionally good, new variety. The tulip shaped blooms have sharp petals of rich red with mauve reflections. \$3.00
- White Laydeker**. A very pretty creamy-white lily of dwarf habit. In shallow water it blooms freely and blossoms have a tea fragrance. \$1.25
